HOMETOWN HOLIDAY FEST

We're on the lookout for 10 festive shops who plan to stay open for Black Friday Night Shopping and want to join in on some holiday mischief!

Here's the deal:

We'll gift you your very own Elf on the Shelf to hide somewhere in your business. You bring the creativity (and maybe a little sparkle) to find the perfect hiding spot and we'll handle the marketing magic to send shoppers your way! We'll need the elf back once the event wraps up.

Each elf will have a secret letter with them. Shoppers will hunt for elves around town, collect the letters, and then unscramble them for a prize!

The final puzzle can be solved at the Pincher Creek Rec Center so make sure your elf is ready for some visitors!

Want in on the fun? Let us know the elves are eager to get to work! A friendly reminder this is for chamber members only!

SNOW CLEARING FROM STREETS AND SIDEWALKS

Keep Sidewalks Safe This Winter!

In Pincher Creek, everyone is responsible for keeping sidewalks clear. Once the snow stops falling:

-  Residential properties have 48 hours to remove snow and ice.
-  Non-residential properties have 24 hours to clear their sidewalks.

The Town will begin snow plowing after a snowfall of 25 cm (10”) or more, or when the snowfall significantly impedes traffic flow. Sand mix may be applied for snowfalls of less than 10 cm (4”).

Snow plowing and/or application of sand mix will be completed based on the following priority levels:

- 1st Major hills and emergency vehicle routes
- 2nd Downtown Core parking stalls
- 3rd School Zones (during regulated hours)
- 4th Minor hills
- 5th Stop and Yield signs in Commercial areas
- 6th Stop and Yield signs in Residential areas
- 7th Other areas as determined by the Director of Operations

Snow being removed from driveways and parking lots should not be thrown or blown into roadways. Depositing snow onto the roadway can obstruct drivers and reduce visibility, creating a more hazardous condition. Fines could be laid under the Traffic Bylaw No. 1599-09.

Please remember that our team and equipment are limited, but we’re committed to doing our best to keep things clear and safe for everyone.

When possible, please move vehicles off the street to give equipment room to work.

Winter is here—but that doesn't mean home upgrades have to wait until spring. In fact, it's a great time to take advantage of the *Clean Energy Improvement Program (CEIP)* and start preparing your home for greater comfort, lower energy bills, and a more sustainable future.

Through CEIP, homeowners in the Town of Pincher Creek can access low-interest, flexible financing for energy-efficient and renewable energy renovations—paid back through your property taxes. Winter is ideal for indoor upgrades like replacing your furnace, installing a smart thermostat, improving insulation, or even upgrading windows. These changes not only help reduce your heating costs now, but also set you up for even bigger savings come spring and summer.

By making energy-smart renovations today, you're not just improving your home—you're helping build a cleaner, more efficient community for the next generation.
